**156<sup>th</sup> HOSPICES DE BEAUNE**

**WINE AUCTION**

**20<sup>th</sup> NOVEMBER 2016**

CHRISTIE'S

**156<sup>e</sup> Vente des Vins  
des Hospices de Beaune**

**20 novembre 2016**

L'abus d'alcool est dangereux pour la santé. A consommer avec modération.

*Under the Presidency of Madame Virginie Ledoyen,  
Madame Khatia Buniatishvili,  
Madame Valérie Bonneton, Monsieur Claude Lelouche and  
Monsieur Eddy Mitchell*

*For the benefits of the Foundation Cœur et Recherches and  
Foundation l'ARC*

As this press release is being prepared, The Hospices Civils de Beaune are going through a period of great sadness brought about by the sudden disappearance of their director, Mr Antoine JACQUET.

Mr JACQUET dedicated 28 years of his professional life to this atypical establishment where he was capable of both managing the evolution and modernisation of the hospital and also its historical and viticultural heritage. The wine domain, the historic museum and the hospital activities have always been in great interaction. Successive earnings from the wine auctions have allowed the Hospices Civils de Beaune to offer themselves modern equipment adapted to each stage of their historical development.

The latest work in progress, where Antoine JACQUET was at pains to ensure that all went well, is the restructuring and enlargement of the Hospital Centre. Work on this began in 2014.

While the festivities linked to the Wine Auction on 20th November 2016 will be unchanged, everyone present will spare a thought for the man who presided over the destiny of this institution of which he was so proud.

Bernadette AUNE

## ***THE 2016 BURGUNDY VINTAGE*** **2016 An Amazing Turnaround**

**Jasper Morris, Master of Wine and Christie's Wine consultant, offers his first impressions about the 2016 vintage, with Ludivine Griveau, régisseur of the Hospices de Beaune domain.**

The first half of the growing season was the most difficult in living memory, the second half as close to perfect as anybody could have hope for. Despondent faces at the end of June displayed relief by the end of September. The old expression 'juin fait la quantité, septembre fait la qualité' was never truer.

There were hailstorms in the Mâconnais, though the Hospices de Beaune's cuvée of Pouilly-Fuissé was spared, and in Chablis but the Côte d'Or was largely spared from this scourge. However the morning of 27<sup>th</sup> April changed everything. A cloudless night caused temperatures to drop below freezing – not by much, but the effect was more like a winter freeze than a spring frost. A huge swathe of vineyard was affected including many famous vineyards in the Côte de Nuits while the Côte de Beaune bore the worst of it – especially Savigny-lès-Beaune and parts of Pommard, Beaune and Meursault.

Erratic weather conditions in the weeks that followed prevented the vines from setting a second crop where the first had been destroyed. There was also severe pressure from mildew but vigilant work from the Hospices' team of growers prevented any significant damage.

Finally, on Wednesday 22<sup>nd</sup> June came the first signs of summer with bright blue skies and real heat. From late July, throughout August and into September the weather was glorious, with a succession of golden sunny days as an Atlantic high protected France. Every so often the high gave way long enough to allow a day or two of cooler rainier weather, providing much needed sustenance, but in general conditions were hot, clear and sunny without much humidity.

The reds were more advanced than the whites, the vines themselves looked in fine condition but there were pitifully few bunches to be seen. The continuous sunshine enabled the grapes to ripen beautifully, for the uneven maturity to begin to come together, and to prevent disease.

The exceptional late summer weather continued through until some heavy rain overnight 14<sup>th</sup>/15<sup>th</sup> September and some showers over the next few days – welcome rain on the whole to relieve the vines which were starting to suffer from hydric stress and to reinvigorate the ripening process.

Picking started, earlier than originally expected, at the Hospices on Monday 19<sup>th</sup> September for the Pouilly-Fuissé after which the reds came through steadily over the next 8 days, culminating in Clos de la Roche on Tuesday 27<sup>th</sup>. Attention then turned to bringing in the white wines by the end of the week, the whole crop being harvested in excellent weather.

Though the teams on the sorting tables were ready for action, the grapes were mostly very healthy with the correct balance between sugar levels and acidity.

The aromas emerging from the fermenting vats were pure and refined, and all seems set fair to make some excellent wines in 2016 – but sadly in very small volumes for certain vineyards.

The red wines were fermented for about two weeks, to preserve their elegance. Ludivine Griveau, enjoying her second vintage as regisseur/oenologue at the Hospices de Beaune, pronounced the wines as they were brought out of their fermentation tanks as 'bien dans leur peau' (feeling good in themselves). "They have good colour, plenty of fruit and lots of flavour. There are no aggressive tannins, so they seem full bodied but silky, just like in 2010."

The whites are currently fermenting, having been picked with correct sugar levels, balanced by adequate acidity. Pure and supple whites are expected. Overall the mood is one of considerable relief after the difficult start to the year, indeed a sense of optimism for the brand new vintage.

## THE PRESIDENTS OF THE 2015 WINE SALE AND THEIR CHARITIES

Since 1945, every year the Hospices de Beaune have lent their support to one or more charities by donating the proceeds from one barrel of wine, called a pièce in Burgundy, sold especially for that purpose – the *Pièce des Présidents*.

For this 156<sup>th</sup> Sale the *Pièce des Présidents* will be a 228 liters barrel **of Corton Bressandes Grand Cru: Cuvée des Présidents**.

### **A unique cuvée**

The *Pièce des Présidents* of the 2016 harvest comes from the Corton Bressandes Grand Cru appellation and will be absolutely UNIQUE from every point of view!

The two associations chosen this year are the foundation **Coeur et Recherches**, developing research in the field of cardiovascular diseases and the **ARC** foundation, for cancer research.

## **THE HOSPICES DE BEAUNE, SINCE 1443**

### **1443**

At a time of misery and famine, Nicolas Rolin, chancellor to Philippe Le Bon, Duke of Burgundy, and his wife, Guigone de Salins, establish the Hotel-Dieu (Hospital) to take care of the ill and poor. Since its foundation, the Hospital has been funded by legacies and gifts in the form of money, land, buildings and –naturally in Burgundy– vineyards.

### **1457**

The first gift of vineyards is made by Guillemette Leverrier: “Beaune, lieu dit Beaumont-le-Franc”. Two years later Jean Plampays and his wife donate further vineyards. Many other such donations will follow over the next centuries until the domain reaches over 60 hectares today. The vineyard production is sold every year, and the proceeds are dedicated to funding the charitable activities of the Hospices. The methods of sale have varied over time, since the private sales in force until the French Revolution.

### **1859**

For the first time, the Hospices wines are sold at auction.

### **2005**

The Hospices de Beaune entrust Christie’s with the organization of the 145th wine auction, thus combining tradition and modernity. The sale is opened up to private people, who, on their own, or combining with friends and family, can buy together and share one or several barrels of wine (called *pièces* in Burgundy). After the sale, your wine will be tended by a Burgundy *négociant-éleveur* in whose cellars it will mature until the chosen moment of bottling.

### **2006**

Princess Margarita of Romania and the French actresses Fanny Ardant and Alice Taglioni, guests of honour, encourage bidding for the special barrel “la pièce des Présidents”. The barrel of Beaune Premier Cru Cuvée Dames Hospitalières reaches 200,000 euros, a record in the Hospices’ History. These funds were dedicated to the charities *Enfants et Santé* and *Princess Margarita of Romania*.

### **2007**

For the first time, Christie’s Live™ allows buyers to attend the sale live via Internet and to bid from their personal computer anywhere in the world.

## 2008

The most remarkable novelty for the 2008 sale was the presence of a new Cuvée, the Pommard-Epenots 1er Cru Cuvée Dom Goblet, which was received with enthusiastic acclaim and reached the highest average price for a Pommard in the sale: 5.750 euros.

In 2007 we had already witnessed similar enthusiasm for another new cuvée, the Corton Clos du Roi Grand Cru Cuvée Baronne Du Baÿ. Today, this has properly earned its place amongst the greatest wines of the Hospices de Beaune.

## 2009

2009 was a great vintage for Burgundy wines, both white and red. A large production enabled the Hospices to sell the largest numbers of *pièces* since 1973 (799 lots). The high quality of the wines and the international demand lead to a 20 percent rise of the average price for a barrel which made the 2009 sale result (5 million euros) the second greatest total, after the famous record of the 2000 Millennium sale.

Besides, the Hospices de Beaune had the opportunity to sell for the first time a new cuvée of white wine, a Saint Romain Cuvée Joseph Menault.

## 2010

For the 150th anniversary, after a scant harvest (producing 643 barrels) the sale total nevertheless reached nearly 5 million euros. Of this, 400,000 euros, a record amount, represented the price paid for *la Pièce du Président*, a barrel of 500 litres of Beaune Premier - Cru Cuvée Nicolas Rolin, which had been specially designed for the occasion, and was brilliantly auctioned by Fabrice Luchini. A new wine, Santenay - Cuvée Christine Friedberg increased the number of the Hospices' cuvées available for sale, and there was one name change: Corton-Charlemagne Grand Cru - Cuvée Charlotte Dumay became for the first time "Cuvée du Roi Soleil". The 150th sale was a first-time opportunity to organize several events in China, in order to promote the Hospices de Beaune's selection to connoisseurs in Beijing, Shanghai and Hong Kong.

## 2011

The 151<sup>th</sup> Hospices de Beaune wine auction, the oldest and most prestigious charity wine sale in the world, is to take place at the Halles de Beaune. Proceeds from the sale on Sunday 20 November will once again be dedicated to the improvement of medical equipment and structures, as well as the upkeep of historical monuments such as the world-famous Hôtel-Dieu in Beaune and its treasures.

This year we celebrate 40 years since Beaune's modern hospital was built, called Centre Hospitalier Philippe Le Bon. Vitally important renovations now need to be made, and the Hospices Civils de Beaune will rely more than ever on the proceeds from the wine auction to finance the most important modernizations to be undertaken since this pilot hospital was first

opened. A challenging project which will entirely redesign the hospital, both inside and out, is being developed. The engineering design is about to be completed and work should start near the end of 2012 with an estimated execution period of six years. During this time the activity of the hospital will, of course, be fully maintained. The costs of the proposed investments are estimated at 40 million euros (all expenses combined).

In order to promote the century-old wine auction, Christie's organises tastings around the globe each year, supported by its international network of offices and specialists. This year, tastings and dinners featuring Hospices de Beaune wines have been, or will be, organized in many capitals and big cities, with, for the second time, several events in China. Destinations in 2011 include : Singapore, London, Hong Kong, Shanghai, Beijing, Tokyo, Kobé, Kyoto, Palm Beach, Arizona, New York, Boston, Vienna and of course Paris and Beaune.

### **2012-2013**

The proceeds of the auction sale, as well as the exploitation of the Hospices de Beaune historical monument, bring to the hospitality institute some appreciated receipts, to finance the modernisation of its buildings and of its technical installations. Indeed, the renewal of the diagnostic and therapeutic equipment, essential to ensure the implementation of medical advances and implantation of all standards to ensure the safety of patients, representing very high investment expends.

Moreover, the Hospices de Beaune decided of two major architectural operations:

- the extension and modernization of a building housing the frail elderly, with a budget of 18 million euros: this operation which started in 2010 finished in 2013.

- the entire expansion and modernization of their hospital for their short stay, for a budget of 48 million euros: the beginning of the construction work is scheduled for beginning of 2014, and will last for six years, as part of an operation complicated by the need to continuously maintain the care and good treatment of patients.

The incomes of the Hospices de Beaune greatly ease the programming of these two sites.

### **2014**

The remodeling of the modernization and the extension of the hospital of short stays started in February 2014, and will lasts 6 years. A first phase will end beginning of 2015 and will allow the transfer of the radiology service in the new premises, with the installation of new equipment of magnetic resonance imaging (MRI). This new installation will be managed by an Economic Interest Grouping (EIG), gathering the hospital and the liberal practitioners' radiologists.

## **2015**

The modernization and extension work to the short stay hospital, started in January 2014 on the site already occupied, are continuing: in July 2015, the imaging service was transferred to the new premises, with sufficient space for the installation of MRI equipment, something the establishment did not yet have.

## **2016**

Dismantling work on a part of the ground floor started in mid 2016. In this area will be constructed a 4 level building corresponding to the extension phase of the hospital, programmed over 2 years. Redevelopment started on 2nd September 2016 with a phase of foundation work that will be followed by building work over 16 months.

This extension will be operational in early 2018.

Thereafter, the four-part restructuring of the hospital accommodation will be spread over a period of 3 years.

## **CHRISTIE'S**

### ***The world leading auction house***

Christie's, the world's leading art business, had global auction, private and digital sales in the first half of 2016 that totalled £2.1 billion / \$3 billion. Christie's is a name and place that speaks of extraordinary art, unparalleled service and expertise, as well as international glamour. Christie's offers around 350 auctions annually in over 80 categories, including all areas of fine and decorative arts, jewellery, photographs, collectibles, wine, and more. Prices range from \$200 to over \$100 million. Christie's also has a long and successful history conducting private sales for its clients in all categories, with emphasis on Post-War & Contemporary, Impressionist & Modern, Old Masters and Jewellery.

2016 marks Christie's 250<sup>th</sup> anniversary. Founded in 1766 by James Christie, Christie's has since conducted the greatest and most celebrated auctions through the centuries providing a popular showcase for the unique and the beautiful. Click [HERE](#) to view a short film about Christie's and the 250<sup>th</sup> anniversary.

Christie's has a global presence in 46 countries, with 12 salerooms around the world including in London, New York, Paris, Geneva, Milan, Amsterdam, Dubai, Zürich, Hong Kong, Shanghai, and Mumbai. More recently, Christie's has led the market with expanded initiatives in growth markets such as Russia, China, India and the United Arab Emirates, with successful sales and exhibitions in Beijing, Mumbai and Dubai.

Christie's LIVE™ provides a worldwide access to its auctions. A unique online bidding service.

## THE HOSPICES DE BEAUNE DOMAINE

### *Reflecting a multitude of terroirs and burgundian generosity*

Ever since the XVth century, men and women have been leaving their possessions and wealth to the Hospices de Beaune. In Burgundy, nothing being more precious than vines, it is from vineyard-donations that the Domaine of the Hospices de Beaune has grown – reflecting the multitude of great Burgundian *terroirs* and the generosity of its people. Out of respect for the donors, the Domain is managed with the most exacting drive for quality. This commitment is expressed by rigorous cultivation methods in the vineyards, always seeking to remain faithful to the great diversity of Burgundian soils. The auction, every third Sunday of November, enables local Burgundian buyers, and those who come from all corners of the globe, to express their generosity, by taking part in the sale.

85% of the Domaine consists of First Growths and Great Growths, which is an exceptionally high percentage. The vineyards are mainly located around Beaune (Auxey-Duresses, Beaune, Meursault, Monthelie, Pommard, Pernand-Vergelesses, Chassagne-Montrachet, Savigny-les-Beaune, Volnay, Saint Romain and now Santenay) due to the geographical position of the Hospital. They have such prestigious names as Beaune Clos des Avaux Premier Cru, Corton Grand Cru, Bâtard-Montrachet Grand Cru...

The Hospices de Beaune own vines on the Cote de Nuits as well with the Grands Crus Mazis-Chambertin and Clos de la Roche, and also and in the Maconnais with parcels of Pouilly-Fuissé.

The average age of the vines is around 35 years. The production area being run by the Hospices is close to 60 hectares, of which 50 are used for Pinot Noir, the rest for Chardonnay. The *cuvées* are sometimes from single vineyards, and sometimes the result of harmonious assembling of grapes from different plots. This is a singularity of the Domaine, which contributes to the uniqueness of the range of wines being offered by the Hospices de Beaune.

The work in the vineyard is carried out by 23 individuals, known as *vignerons*, who are employed by the Hospices and working under the direction of Ludivine Griveau, *Régisseur du domaine*, wine-maker and manager since January 2015. Each *vigneron* is responsible for approximately 2,5 hectares of land. They respect their environment and limit the production of their vines in order best to express the typicity of the individual plots (the *terroir*).

Since 1995, carefully thought-through farming is practised: no herbicides are used, ploughing is done in summer and winter and all treatments are chosen with regard to them not endangering the natural biological equilibrium. Since 2008, almost all the grapes have been produced without the use of synthetic products, and according to the methods of biological viticulture.

Harvesting is done by hand, the grapes being transported in small cases to the new vat-house, where, since 1994, the winemaking takes place.

## **THE 48 CUVEES OF THE HOSPICES DE BEAUNE**

The **2016** crop will be offering **xxx** barrels called *pieces*, **xxx pièces** of red wine and **xxx pièces** of white wine. There will be **xx** cuvées at the wine auction - **xx** of red and **xx** of white.

The cuvées are either from single vineyards, or are judicious assemblings of grapes from different vineyard plots. This assembling of wines is one of the originalities of the Domaine des Hospices, creating some special wines which are unique to the Domaine. Each cuvée is named after an important donor or benefactor of the Hospices de Beaune:

### **XX CUVEES OF RED WINE**

**AUXEY-DURESSES PREMIER CRU-LES DURESSES - CUVÉE BOILLOT**  
**BEAUNE PREMIER CRU - CUVÉE BRUNET**  
**BEAUNE PREMIER CRU CLOS DES AVAUX**

**MEURSAULT PREMIER CRU-LES PORUSOTS - CUVÉE JEHAN HUMBLLOT**

**MEURSAULT - CUVÉE GOUREAU**

**MEURSAULT - CUVÉE LOPPIN**

**POUILLY-FUISSE - CUVÉE FRANCOISE POISARD**

**SAINT-ROMAIN BLANC - CUVÉE JOSEPH MENAULT**

## **LES HOSPICES DE BEAUNE**

### ***L'Hôtel-Dieu – « A palace for the poor »***

At the end of the Hundred Years' War, Nicolas Rolin, chancellor of the Duke of Burgundy, Philippe le Bon, was moved by the state of misery in which many Burgundians found themselves. He decided to build a hospital for the sick, the old and the deprived.

In the founding charter of the Hôtel-Dieu, Nicolas Rolin declared:

“I, Nicolas Rolin (...) from now on and forever, found and irrevocably endow, in the town of Beaune, a Hospital for sick and poor people, with a chapel (...).”

The Hospices de Beaune were born. More than a mere hospital, Nicolas Rolin wanted to create a genuine “Palace for poor people” (« Palais des pôvres ») and in 1452 the Hôtel-Dieu, with its gothic facades and multicoloured tiled roofs welcomed its first patient. From then on and up to the 20<sup>th</sup> century, the Sisters of the Hospices de Beaune took care of the sick, elderly, disabled and needy. The last sick person left the Hôtel-Dieu in 1983.

The Hôtel-Dieu is one of the most beautiful examples of gothic architecture. Today, it has become a museum and is one of the most visited tourist venues in France. It thus continues to represent Beaune and Burgundy and to attract visitors to this beautiful region.

### ***Centre Hospitalier Philippe Le Bon – A pilot Hospital***

At the time of the 1966 wine auction, the decision was made to build a new « industrialised hospital » with 300 beds, in Beaune. This is how the Philippe Le Bon Hospital was born. It became a prototype for the French Ministry of Health, which subsequently built eight hospitals of this kind.

Since the moving of most patients from the Hotel-Dieu to the outskirts of the town of Beaune on April 20th 1971, this modern hospital has succeeded in adapting to the surgical and medical evolutions with the objective of always meeting patients' needs. A challenging project is being developed, redesigning entirely the hospital, both inside and out, and will be implemented in January 2014.

### ***Centre Nicolas Rolin***

Work on restructuring and expansion began a year ago, and capacity will increase to 180 beds in November 2013.

***Maison de retraite de l'Hôtel-Dieu and Maison de retraite de la Charité*** – Located in the heart of Beaune and inside the Hôtel-Dieu itself, these two retirement homes offer 124 beds to their residents.

***Institut de Formation en Soins Infirmiers*** – Built in 1980 in the vicinity of the Hospital, the institute trains over 60 nursing students every year and thus completes the activities of the Hospices de Beaune.

## CHARITIES AND THEIR PRESIDENTS

### *Examples of the last 10 years*

Since 1945, every year the Hospices de Beaune have lent their support to one or more charities by donating the proceeds from one barrel of wine, called a pièce in Burgundy, sold especially for that purpose – the "Pièce du Président".

- 2015**            **Claire Chazal:** *Institut Curie*
